HATE CRIMES

MIT must report statistics for hate crimes for the crimes listed above, as well as for hate crimes involving larceny-theft, simple assault, intimidation, destruction, damage, or vandalism of property, and for any other crime involving bodily injury to a person. A hate crime is a crime reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim.

A hate or bias related crime is not a separate, distinct crime, but is the commission of a criminal offense that was motivated by the offender's bias. For example, a subject assaults a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, sexual orientation, etc, the assault is then also classified as a hate/bias crime.

If a hate (bias) related crime was reported to you, please complete the following information.

Classification of Crime (see categories on page 1 or list one of the following): _____

- Larceny
- Vandalism
- Intimidation
- Simple Assault

Type of Bias (choose one): ___Race ___Religion ___Ethnicity ___Gender Identity
___National Origin ___Gender ___Sexual Orientation ___Disability
